

Shailendra Khandekar *Data Scientist | Machine Learning | Agentic AI*

shailendrakhandekar114@gmail.com | +91 7771009829 | Bengaluru
github.com/shailendra6969 | linkedin.com/in/shailendra-khandekar-

Skills

Programming: Python, SQL, Pandas, NumPy

Data Science: EDA, Feature Engineering, Statistical Analysis, Data Validation

ML/CV: Scikit-learn, TensorFlow, Keras, CNN, OpenCV

AI: Agentic AI, RAG, LLMs, LLM Evaluation

Database & Tools: PostgreSQL, Neon, Git, Jupyter, Google Cloud

Professional Experience

Data Scientist | Full-time

02/2024 - 06/2026

Data Density Pvt Ltd

Delhi (Remote)

- * Processed and quality-checked 10,000+ hours of manufacturing video data for AI/ML model training.
- * Prepared and validated large datasets for computer vision and machine learning.
- * Checked data for errors, missing information, duplicates, and inconsistencies.
- * Managed and accessed large datasets stored on AWS and Google Cloud.
- * Created data quality guidelines and checks to keep datasets consistent.
- * Investigated recurring data-quality issues and identified their root causes.

Data Operations | Intern

12/2023 - 02/2024

NoBroker Technologies Pvt. Ltd

Bengaluru (Remote)

- * Processed 2,000+ structured data and content records each month across 15+ categories.
- * Reviewed AI-generated content for accuracy, completeness, duplicates, and consistency.
- * Researched sources and performed data quality checks across regular workflows.

Projects

AI DECISION INTELLIGENCE PLATFORM

Present

Agentic AI | Agent APIs | RAG | LLM | Claude Code | LangGraph | PostgreSQL

- * Built an AI application using LLMs, RAG, structured data, and tool-based workflows.
- * Built RAG pipelines using vector search and database-backed context.
- * Tested retrieval quality and LLM responses using different queries and data.

Education

Bachelor of Pharmacy

2020 - 2024

Dr. C. V Raman University | CGPA: 7.0

Kota, Bilaspur (Chhattisgarh)

- * Relevant Coursework: Biostatistics, Quality Assurance, Clinical Research
